EXPLANATORY.

The following data were compiled from the hearings before the Ways and Means Committee (January-February, 1921) on general revision of the tariff laws.

This information is in part official, in part the expressions of commercial and trade organizations, and to some extent the statements of witnesses before the committee.

To facilitate reference to the authorities for the figures given, the page of the amended, revised, and corrected reprint of the hearings appears in the first column of the tables.
